## Academic Details

- **Bachelor of Technology**  
(Computer Science & Engg.) Goel Institute of Technology & Management, Lucknow.
- **Intermediate**  
Pt. Deen Dayal Inter College  
(2020- 2021) with 74%.
- **High School**  
Prestige Inter College  
(2018-2019) with 79%.

## Soft Skills

Analytical | Collaborator | Leader |  
Adaptable | Communication Skills |  
Presentation Skills

## Technical Skills

1. **Programming Languages:** Java, C
2. **Front-End:** HTML, CSS, JavaScript, Bootstrap
3. **Back-End:** Spring Boot, Hibernate, REST APIs
4. **Database:** SQL, MySQL
5. **Tools:** Git, github
6. **Methodologies:** Agile, Scrum, TDD
7. **Development Tools:** IntelliJ IDEA, Eclipse, VS Code

## Core Competencies

Software Development Life Cycle

Restful API

Debugging

Web Services

## Profile Summary

- Results-driven Java Developer with hands-on experience in Java, Spring Boot, and full-stack web development. Strong problem-solving skills and a passion for learning new technologies.
- Eager to contribute to a dynamic team and grow in the field of software development.
- Successfully completed **Summer Internship** at Softpro India Computer Technologies Pvt. Ltd., receiving the **Best Performer** award. Proficient in writing efficient code, debugging, and collaborating with cross-functional teams.

## Work Experience

- Summer Internship on full-stack with spring boot from
- Softpro India Computer Technologies Pvt. Ltd.
- Virtual Internship on web development from Teachnook.
- **Java Full Stack Development Training at JSpiders, Noida** – Learned Core Java, Spring Boot, Hibernate, SQL, and frontend technologies with hands- on projects.

## Active Link of Front-end Project

- <https://gauravmani99.github.io/Bram-mandir/>

## Responsibilities:

1. Developed and maintained full-stack web applications using java and spring boot, ensuring responsive and user-friendly interfaces.
2. Utilized java LMS to interact with the database, creating and managing data models and migrations.

## Achievements:

- Achieved Best Performer in summer internship from Softpro India Computer Technologies Pvt. Ltd.
- Solved 100+ algorithmic problems on Leet-Code, enhancing problem-solving skills and Java proficiency.

## Academic Projects

### LMR Application

**Tools:** HTML, CSS, JS, Bootstrap, Spring boot

**Roles:** Full-Stack web application

The system includes user authentication, role-based access control, and intuitive interfaces for customer and administrators. Implemented database management with spring boot LMS and ensured efficient data processing through RESTful APIs with **SMS integration**.

### Reservation system Application

**Tools:** JAVA

The Reservation System project in Java automates ticket booking by generating a unique PNR number for each reservation. It captures and displays essential details, including the customer's journey from the departure point to the destination. The system ensures a smooth and efficient booking process with clear information for the customer
